

CLAP IN THE AIR

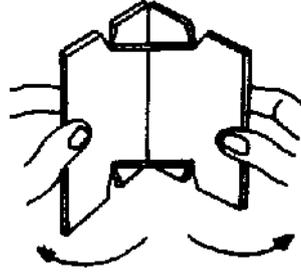

Generations of children have made this simple toy and enjoyed playing with it.

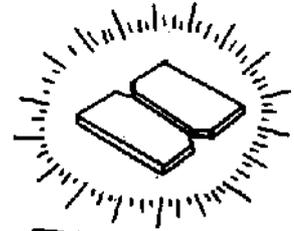

1. Take two cardboard squares of edge 6-cm. Cut V notches in the middle of two opposite sides.

2. Place one piece on top of the other. Align the notches and place a rubber band in its groove.

3. Now open the cardboard pieces with both the thumbs and fold them in the reverse direction.

4. This stretches the rubber band and keeps it in tension.

5. Now throw these refolded cardboard pieces upwards.

6. You will hear a nice clap in the air.
