

SIX LEGGED SPIDER

YOU NEED

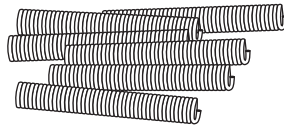

Bottle base

Bottle Lid

Straw Piece

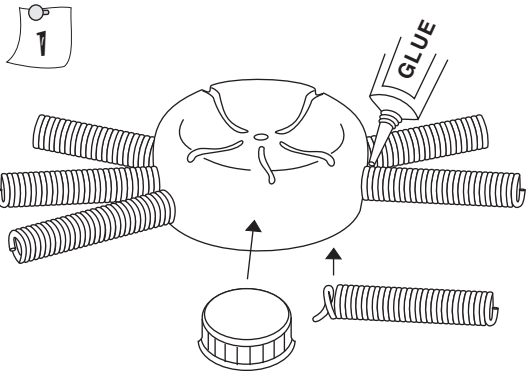

Plastic Spirals

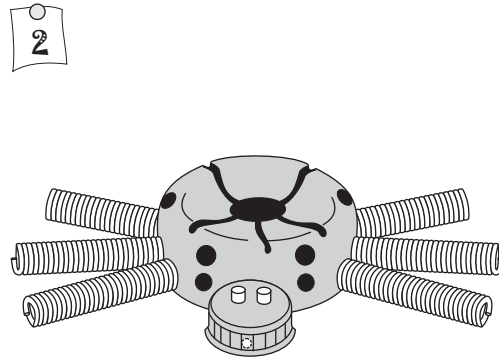

Sketch Pen

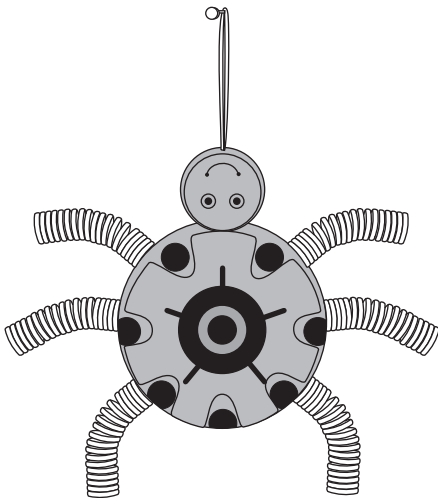

Rubber Glue

1
Cut 4-cm from the base of an old plastic bottle. Attach plastic spirals to the base to make the spider's legs.

2
Glue a bottle lid to make the spider's head. Fix two straw eyes and draw a mouth to complete the spider.

Paint and decorate your spider. Hang it on the wall by a nail.
